### Come and Bid

Join other community leaders and 4-H supporters at this year's Adams County Fair Junior Livestock Sale! It only comes around once a year. Adams County 4-H members work hard all year long to raise and sell their market animal.

These young people have spent several hours every day caring for their projects. They have also spent a substantial amount of money on purchasing and feeding their animal. Your generosity and investment in their future is their reward. The education and experience they receive is priceless.

### How to Help

You are invited to personally attend the auction and participate by bidding on the animal that a 4-H youth is presenting in the sale ring.

If you are unable to attend in person, you may place an order with the Sale Committee or Auctioneers to purchase an animal in your name.

You can participate in the Add-On Program, which is additional money given to the youth without going through the bidding process. This is a great opportunity to advertise your business without purchasing an entire animal. Just tell us who you want to add money to and it will help the 4-H'er with their expenses. To do this, the 4-H'er must have an animal in the sale. If you wish, your Add-On may be anonymous. Please visit the Add-On table at the sale to participate.

### Let's hear bids from individuals who want to:

- Stock their freezer with some of the finest meat
- Share their purchase with a friend
- Get their neighborhood or business involved and throw a BBQ
- Donate the animal to your favorite charity
- Show the community that you support Adams County 4-H Youth!
